About Capacity Center

CapacityCenter.com's proprietary technology platform and data center is the only all in one Capacity Release and Operational Notice information source that is synced with all the Interstate pipeline systems. Our database not only collects all the data as it occurs, it stores all the historical Capacity Release transactions for the past 10 years. We also track shipper entity status and all the pipeline receipt and/or delivery points.

Capacity Center • 83 Pine Street, Suite 101, Peabody, MA 01960 • (978) 717-6180
